

Thank you for inquiring about X-1 Unique Home, one of South Florida's most established leaders in the building and design of luxury residences. We are a custom home building company with over 20 years of experience specializing in new construction and remodeling. Dan Rankin has built fine luxury homes in a variety of areas along the Gold Coast; from country club settings to intracoastal and ocean view private lots. We also provide building services for condominium build-outs and remodeling. Our diversity within the housing market allows us to adapt to your needs at any location you prefer.

X-1 Unique Homes has built homes from 4,000 to 30,000 square feet. If you are considering a large estate or a second home, we are ready to serve your every need. We are a hands-on builder at your side through every decision making step along the way. Many years of experience working with the finest designers and architects in South Florida enables us to assist in selecting the right professionals for you.

We know how important it is to choose the right builder. When you are ready to build your dream home, call us and we will be happy to spend time showing you some of the homes we have built in the area. References are available upon your request.

Sincerely,

A handwritten signature in cursive script that reads "Daniel J. Rankin".
